Sitness® Just move!

## Lady Sitness Deluxe

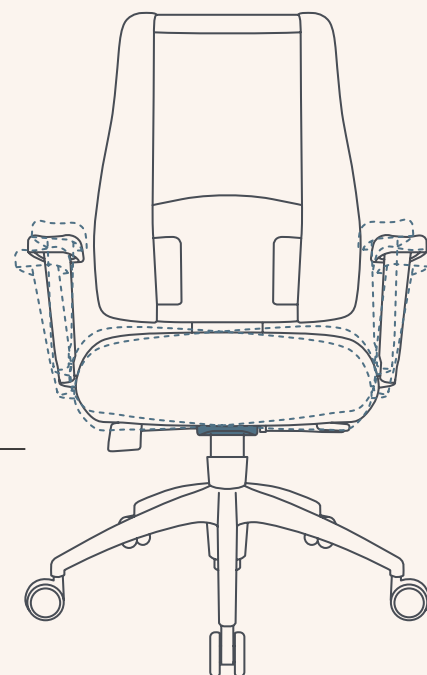

# Fit and healthy while sitting – with Sitness® Technology by Topstar.

Everyone spends over 10 hours per day in a seated position. So that's a lot of time which you simply shouldn't spend on low quality chairs – that could lead to incorrect posture and back pain.

The unique Sitness® technology in our chairs ensures a three-dimensional sitting and keeps you moving while seated. The freedom of movement in every direction guarantees more active sitting. This allows you to unconsciously train your back muscles and thus prevent back pain.

### The Advantages of Sitness®?

- + Exercises your back and spinal column
- + Takes pressure off the intervertebral discs
- + Guarantees freedom of movement
- + Stimulates blood circulation
- + Improves concentration
- + Increases motivation and commitment

## Sitness®

Our unique Sitness® technology separates the rigid connection between the lower part of the chair and the seat and creates a dynamic connection.
