- SH403 CV3
- SH406 CV6

OPTIONS

Fabrics

Fabric group: CV (100 % polyester)

Dimensions

Seat height: 57 - 77 cm
 Seat width / -depth: 20 / 45 cm
 Foot diameter: 35 cm

Technical data

Weight: approx. 7,8 kg
 Unit: 1/Karton
 Pallet quantity: 20/pallet

Patented seat- / stand aid for moveable and activ dynamical sitting / standing

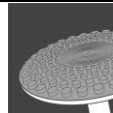

Newly developed seating alternative or stand aid for moveable sitting, trains the back and prevents back problems

FEATURE

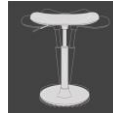

For multiple usage in office, workshop, kitchen, household etc. The stool ensures movement at the workplace while sitting or standing

Seat height adjustable in various positions by safety black lacquered gaslift, release lever below the seat, clean-cylinder gas spring (self-cleaning mechanism for the removal of oil film)

The absolute innovation with this product is the patented sole, completely made of thermoplastic synthetic (TPU) and divided into single segments (thermoplastisch polyurethane)

The sole optimally adapts to the ground and inclination like a high tech sports shoe. The stool creates an unique movement behavior, extremely dynamic but also stable and solid

Base frame in black polyamid, combined with coloured sole and synthetic applications in black

This product has the GS-sign of Intertek in Fuerth and complies in this relation to all security requirements

Max. user height 1,92 m | Max. user weight 110 kg | Max. using time / day 4 hours
