- 

Seat height adjustable in various positions by safety gaslift
- 

Mesh backrest with new upholstery technology without visible screws; adjustable lumbar support on the rear side
- 

Self-regulating synchronous mechanism made of fiberglass-reinforced plastic, automatic tension adjustment due to the individual body weight, lockable in the front position
- 

Special moulded seat with three-dimensional moveability (Soft Sitness ®). Two springy braces under seat create a soft swinging motion, which move forward, backward and sideways by preloading the individual own body weight.
- 

Decorative and solid polyamide base, equipped with braked double-wheel safety castors suitable for carpet floors
- 

Incl. height and width adjustable armrests “O2”
- FEATURE** 100% recyclable - due to the use of single-variety plastic materials
